

A303 Stonehenge

Amesbury to Berwick Down

Public consultation – July 2018

Supplementary consultation response form

Introduction

Earlier this year we consulted on our proposals for improving the A303 past Stonehenge, between Amesbury and Berwick Down. We have been using this feedback to further develop our plans. From this we have identified three changes on which we would welcome your views before we submit our application for a development consent order to build the scheme.

These are:

1. To remove the previously proposed link between Byways 11 and 12 in the Stonehenge World Heritage Site
2. To widen the green bridge proposed near the existing Longbarrow roundabout
3. To move the proposed modification of Rollestone crossroads.

We would welcome your views on these three proposed changes before we submit our proposals for development consent.

More information

We have produced a supplementary consultation booklet to explain the changes we are proposing to make.

The booklet, further information about the scheme, and an online version of the response form, are available on our website: www.highways.gov.uk/A303Stonehenge/consultation

Copies of the booklet and response forms will also be available:

- at public information events, where the scheme proposals will be on display and members of the project team will be available to answer questions
- at deposit locations where copies of the booklet and response forms will be available to view and take away

Alternatively, please phone, email or write to us for any information or documents using the contact details below.

How to give us your views

Online: www.highways.gov.uk/A303Stonehenge/consultation

By email: A303Stonehenge@highwaysengland.co.uk

By post: **Freepost A303 Stonehenge Consultation (you do not need a stamp)**

If you are completing a paper copy of this response form, please feel free to use additional paper if the boxes within the form do not provide enough space for the comments you wish to make. Paper copies of the response forms can also be completed and handed in at the public information events. The closing date for responses to this consultation is 23:59 on **14 August 2018**.

Data protection

Your feedback will inform our continuing development of the scheme. Once we have taken your feedback into consideration, we plan to submit our application for a Development Consent Order in Autumn 2018. We will also prepare a report on the consultation, recording the feedback and our response, which will be published with our application.

Your comments will be analysed by Highways England and its appointed agents. Copies may be made available in due course to the Secretary of State, the Planning Inspectorate and other relevant statutory authorities so that your comments can be considered as part of the Development Consent Order (DCO) application process. We will request that your personal details are not placed on public record and will be held securely by Highways England in accordance with the General Data Protection Regulations and will be used solely in connection with the consultation process and subsequent DCO application and, except as noted above, will not be passed to third parties.

If you'd like more information about how we manage data, or a copy of our privacy notice, please contact DataProtectionAdvice@Highwaysengland.co.uk

PART 1: About you

Please tell us your name and address. This information is optional, but will allow us to update you on the outcome of the consultation and the next stages in this project. If you do not want to provide these details, please just give us your postcode.

Name: Mr Jim Carr

Address: 1 Cleeve View

..... Winterbourne Stoke

..... SALISBURY

Postcode: SP3 4SY

Email: clerk@winterbournestokepc.org.uk

Are you an affected landholder: Yes No

Are you responding on behalf of an organisation: Yes No

If yes, which organisation? Winterbourne Stoke Parish Council

PART 2: Your feedback on our scheme proposals

Consultation question 1: Please use this space to comment on the removal of the previously proposed link between Byways 11 and 12 in the Stonehenge World Heritage Site (see pages 12 and 13 in the supplementary consultation booklet)

Although both these byways fall outside the parish, they are used on a regular basis by many villagers for recreational purposes and so are of great local interest and concern. Winterbourne Stoke Parish Council supports this revised proposal.

Consultation question 2: Please use this space to comment on our proposal to widen the green bridge near the existing Longbarrow roundabout (see page 14 in the supplementary consultation booklet).

Winterbourne Stoke Parish Council supports the revised proposal and widening of the green bridge.

Consultation question 3: Please use this space to comment on the proposed change to Rollestone crossroads (see page 15 in the supplementary consultation booklet).

Winterbourne Stoke Parish Council think this is an excellent solution to the siting and routing of the proposed new junction at Rollestone Crossroads.

As in our previous submission, we urge that this work in conjunction with Wiltshire Council is adopted as part of the advance works programme of the A303 Stonehenge to Berwick Down scheme. This would help alleviate issues that already exist and will only worsen between now and completion of the construction phase.
